4th Data Science & AI Summit – Data Science Week 2026

The 4th Data Science & AI Summit, held in Dubai on 9–10 February 2026, successfully brought together global leaders, AI innovators, data scientists, policymakers, and enterprise decision-makers for two days of impactful discussions and forward-thinking insights.
Hosted under Data Science Week 2026, the summit served as a dynamic platform for exploring the latest advancements in Artificial Intelligence, Data Science, Generative AI, Multi-Agent Systems, AI Governance, and Enterprise AI transformation.

🌍 A Global Gathering of AI Leaders

The Dubai edition welcomed speakers and participants from across the UAE, Europe, Asia, and North America, representing diverse industries including:

- Finance & FinTech
- Healthcare & MedTech
- Cybersecurity
- Government & Public Sector
- Enterprise Technology
- AI Startups & Research

The event created a strong cross-industry dialogue focused on translating AI innovation into real-world impact.

🤝 Networking & Collaboration

Beyond the sessions, the summit facilitated meaningful networking opportunities through:

- Dedicated coffee breaks
- Lunch networking sessions
- Speaker meet-and-greet interactions
- Cross-border collaboration discussions

Attendees exchanged ideas, explored partnerships, and built valuable connections within the global AI ecosystem.

🚀 Looking Ahead

The Dubai edition of Data Science Week 2026 reinforced the region's growing role as a global hub for AI innovation and digital transformation. The summit successfully bridged the gap between research, industry application, and policy dialogue.

We extend our sincere gratitude to all our speakers, moderators, partners, sponsors, and attendees for contributing to the success of the 4th Data Science & AI Summit in Dubai.

We look forward to welcoming the global AI community again at our upcoming editions.

The next edition of 2026 is in London from 16-17 June 2026 at the venue "Radisson Blu Hotel, London Canary Wharf."
